Memo to Finance Committee:

The October sales tax figure was \$122,567.20. The year to date figures show that we are ahead in our sales tax income by \$49,389.35.

TAX COLLECTION UPDATE:

We are busy entering data, such as sanitary district charges, municipal delinquent utility charges and drainage district charges, needed to calculate the 2017 tax bills. We are aiming to have information and bills ready to be printed by Friday December 8th. At this time of the year we are like Santa Claus: "Making our lists and checking them twice!"

We held the annual Treasurer-Clerk fall informational meeting on the 15th and I was surprised at how many attended. We reviewed the mailing requirement, assessment and taxation cycle, January and February settlement deadlines as well as the usual reminders to make sure everyone is on the same page to allow for a smooth collection process. We also held a brief discussion on the Transcendent conversion. I am praying this will be a smooth transition for all municipalities.

TAX DEED UPDATE:

I know that it seems like we just finished discussing the 2013 tax deed properties but we are getting ready to start the tax deed process for the delinquent 2014 taxes. At the beginning of December, the Treasurer's Office will send letters to all property owners with 2014 delinquent real estate taxes asking them to please pay in full by December 31, 2017. This will eliminate them from the process and the first step of publishing their name in the paper in January 2018. After running a delinquent report today, the total 2014 delinquent taxes are \$120,430.24 for 83 parcels (without interest and penalty).

As promised, I wanted to give a brief update on the Fall Conference in Lake Delton. As I stated at the last Finance meeting this conference was excellent. The conference was jam packed with wonderful classes that were of great benefit to me, and ultimately the County. We started out on Wednesday and these classed allowed the Treasurer's that are enrolled in the UWGB Public Management Essentials class to earn continuing education credits towards completion of this course. The classes offered towards this certification were Understanding Banks Financial Data and Performance, Tax Settlement and What is going on in the World of Banking.

On Thursday we started out with the Annual WCTA meeting, which spans throughout the length of the conference. We then jumped right into Brownfields and Tax Delinquent Remediation and Redevelopment where all of the different resources, databases, statutes and ways to improve the communities we live and work in were discussed. Then we rolled right into Chapter 13 Bankruptcy. While Dawn does these filings for our office it was interesting to learn the different types of bankruptcies that would apply to our office as well as key points when electronically filing a new record. After lunch the Department of Revenue discussed the updated calendar dates for the remainder of this year and into 2018. They also discussed the electronic filing updates and law changes. We spent quite a bit of time discussing the updated tax bill requirement for the 2017 bills due to the elimination of the state forestation tax as well as the plans for the elimination of personal property.

We ended Thursday with cyber security and compliance. Luckily, there were no overly technical terms in this session but there was a quote that stuck with me. It is "We are never going to be 100% safe but our goal should be to build our wall so high that is not going to be worth the effort". We finished the conference with workplace active on-going violence trends, causes and actions where I was able to take away some simply lockdown solutions.

Respectfully submitted,

Amanda R. Toney
