CORRESPONDENCE

Thank you from Princeton Kwik Trip to the Sheriff's Office for our services in recognition of National Police Week.

Note of appreciation along with a \$100 donation to the K-9 Unit from Rob and Janet Burdick.

Letter from Judge Slate explaining that he has been unable to attend the last few Judicial/Law Enforcement meetings due to a change in when he travels to other counties for court hearings and Judicial Education Seminars. He updated the committee on the Drug Court and advised them that it was decided by the County Administrator and the Drug Court Committee that the governing committee for the Drug Court Committee and budget would be through Social Services. He stated that in the future if he was unable to attend a meeting and if there is anything to report he will either inform the Clerk of Court to relay the information or send the Committee a letter.

Letter from the DOC, State of Wisconsin announcing the awarding of \$143,097 for SFY 18 to the Sheriff's Office from the Becky Young award, Recidivism Reduction Program.

RESOLUTIONS/ORDINANCES

None

DEPARTMENT RELATED REPORTS

The Departments under the auspice of the Judicial and Law Enforcement Committee were advised that they should put their monthly reports in written format and have them placed in the packet. Reports were received from the Sheriff's Office and the Coroner. The Committee members appreciated receiving the reports in the written format. There were no questions. Corporation Counsel told the committee that due to anonymity, the committee is only entitled to know how many juveniles the Sheriff's Office was involved with, but not the reason for their involvement or their names.

BUDGET ADJUSTMENTS

None

MONTHLY SHERIFF REPORTS

The monthly Sheriff's reports were reviewed

EXPENSE AND REVENUE MONTHLY REPORTS

The monthly expense and revenue reports were reviewed.

Subject: Thank you!

Hi Jason,

Thank you for coming and doing such a great presentation with Tess! I think everyone learned a lot and really enjoyed it. As soon as we get the pictures off of our camera I will be sure to send them to you so you can post them. Again, thank you for coming after a long day at work and doing what you did! Hopefully Tess had a nice long nap on the way home!

Thank you again!

RE: Projectors

Dear Chairman Starshak:

I am sorry I am not able to attend the Judicial/Law Enforcement Committee. On the day of the meeting I will be coming back from Washington D.C. where I attended the National Drug Court Seminar along with District Attorney Christenson, Correctional Administrator Leahy and others.

I am writing to you to request the purchase of a new projector in Courtroom 1. The projector has recently broke. We had a company come to attempt to fix it and they said it is beyond repair. This projector is the original projector that was put in when the Courthouse was built in 2010.

If you remember, in 2015 the projector in Courtroom 2 broke. At that time bids were sent out and a new projector was purchased for \$3,805.96 which was the low bid. We also purchased an additional lamp for \$590.40 so if the lamp went out we would be able to use the projector instead of having to wait to purchase a new lamp. The total cost of the projector and lamp was \$4,396.36.

Enclosed are bids for comparable projectors. There is one difference between the projectors in Courtroom 1 and 2 in that the projector in Courtroom 1 is an instant on. That is, it does not need to be warmed up in order to view the screen. This is very beneficial for everyone during court hearings when parties are displaying videos or exhibits. There is no wasted time waiting for the projector to warm up between viewings.

The current model projector in Courtroom 1 has been discontinued, so we need to look for other projectors.

I am asking for the committee to take into consideration the laser projector. Although this is initially more expensive I believe in the long run it is a better deal for the County. It does not require any light bulbs so there would be no light bulb replacement cost. In addition, because there are no light bulbs it would not decrease in brightness over time which makes it harder to see on the screen. This is a common issue for projectors with light bulbs, they become dimmer over time. The laser projector would also have the instant on ability as the current projector had in Courtroom 1.

This projector can be purchased from CEC, who currently does all the audio and visual updates for the Courtroom. The projector is intricately tied into the audio and visual system. The Court would need to pay to have the projector properly placed into the audio visual program to make sure that it functions correctly. This is another reason I feel this is the best offer.

As there is no money in my budget for this replacement projector, I am asking it be paid out of the general fund. Should any members of the committee have any questions please contact me at your earliest convenience.

Very truly yours,

Mark T. Slate
Circuit Court Judge

MTS/scg

Equipment and Materials List

Qty	Mfg-Part #	Description
		CEC is pleased to propose the following
1	Panasonic-PT-RZ570BU	Equipment: 5400 Lumens Laser Projector
		CEC Professional Services: As Described in The Overview and Scope

SOLID SHINE Laser: Ideal for Business and Education

Big, bold, pin-sharp images don't fade away fast with SOLID SHINE Laser. In fact, image quality and endurance far outstrip that of competitive lamp-based projectors, with almost no maintenance required. Add a suite of features that makes daily operation a breeze and you start to get the picture: the PR-F2570 is a smart choice for beautiful images in classrooms, boardrooms, or office meeting spaces.

What do I want in a projector?

Excellent Picture Quality

Bright, Punchy Pictures in WUXGA
SOLID SHINE Laser guarantees magnificent image quality thanks to a powerful solid-state laser light source and four-segment color wheel that boosts color without sacrificing brightness.

Image Quality Maintained

Anti-Dust Protection
These projectors are dustproof. There are no lamps or filters to replace. Just sit back and enjoy 20,000 hours* of maintenance-free projection with consistently brilliant picture quality.

*At 20,000 hours, projected lifespan will be reduced to approximately 50% of original life.

Low Running Costs

Low Total Cost of Ownership
SOLID SHINE Laser Projector projectors are cheaper to run, and of course, they require almost no maintenance, and with a variety of ECO features, use much less energy to operate continuously.

Instant Projection

Quick Start and Quick Off
Because the PR-F2570 is powered by SOLID SHINE Laser technology, you can turn the projector on and off any time you like. With Quick Start Mode, projection begins in about one second. No warm-up period, no wait.

Functions to Make Life Easy

Wide-Range 20X Zoom and Lens Shift

The inclusion of a versatile 2x zoom and preset-operated wide-range lens shift grants flexibility for installation in different rooms and for projection on different screen sizes. It provides a 100-inch-diagonal wide-screen image; projection distance extends from approximately 9.3 m (30 ft) to approximately 6.7 m (22 ft).

Single-Cable DIGITAL LINK Control and Video

DIGITAL LINK supports transmission of uncompressed Full HD video and control commands through a single CAT-5 or higher STP cable for distances of up to 50 m (162 ft). Add an optional DIGITAL LINK Switcher of Digital Interface Box to further simplify installation in large venues while reducing cost and improving reliability at the same time.

Quick Start and Quick Off

This laser light source does not require any warm-up time, so images appear almost instant (about one second) with PT-RZ270 D projectors. There's also no cooling fan required when turning the power off. Users can turn the projector on and off immediately as many times as necessary.

Geometric Adjustment for Specially Shaped Screens

Horizontal, vertical, and corner keystone correction adjusts the image shape for clear visibility when projecting off-axis or from an unusual angle. Curved Screen Correction slices for the projection of natural, distortion-free images onto curved or cylindrical surfaces.

Silent 29 dB Operation Mode

Technologies combine to keep noise levels down to just 29 dB in Silent Mode (35 dB in Normal) so the sound of the cooling fan is hardly noticeable. This is made possible by an efficient cooling system, reduction of light output to limit fan speed, and auto-wheel speed control to prevent excessive noise.

Auto Screen Image Rotation

Images are automatically rotated depending on installation orientation—upside down on the ceiling or on a wall—ensuring a clear 90-degree view.

Free 360-degree Rotation

Projection is possible in any direction vertically and horizontally, and the unit can be rotated 360 degrees for installation at any angle.

Edge Blending and Color Matching

Adjusting edges in a multi-screen system can be blended to create a smooth and seamless image. Shift variations in the color reproduction of individual projectors can be corrected in multi-screen applications.

Art-Net DMX Compatible

PT-RZ270 is compatible with Art-Net DMX protocol for lighting management. Art-Net compatibility allows the projector to be connected to a lighting console with easy control of functions.

Fade In and Fade Out

Digital Laser output power modulation technology also enables a handy Fade In/Fade Out function for a smoother presentation.

ECO Management System

A variety of Eco Management options are easily accessible simply by pushing a button on the remote. Enabling these when possible significantly reduces energy consumption and extends operational life.

Picture-in-Picture Capability

Two different image sources can be simultaneously displayed on a single screen. For example, video via HDMI can be projected together with content from HDMI or DIGITAL LINK.

Projection distance Unit: meters (feet)

**GREEN LAKE COUNTY
OFFICE OF THE CORONER**

Amanda Thoma, Coroner

Office: 920-294-4040 ext. 1229

July 6, 2017

Judicial/Law Enforcement Committee
571 County Road A
Green Lake, WI 54941

Dear Judicial/Law Enforcement Committee Members:

The Coroner's Office has been steady with deaths. No autopsies have been requested for the month of June. Nothing additional to report.

Thank you for your time.

Respectfully,

Amanda Thoma
Coroner

GREEN LAKE COUNTY

Notice of Budgetary Adjustment

Unanticipated Revenue or Expense Increase or Decrease Not Budgeted

Date: July 6, 2017
 Department: Law Enforcement

Account #	Account Name	Current Budget	Budget Adjustment	Final Budget
17-100-09-48326-000-000	Sale of Equipment	\$ 3,500.00	\$ 8,537.75	\$ 12,037.75
				\$ -
				\$ -
				\$ -
Total Adjustment			\$ 8,537.75	

Expenditure Budget Lines Amended:

Account #	Account Name	Current Budget	Budget Adjustment	Final Budget
				\$ -
				\$ -
				\$ -
				\$ -
				\$ -
				\$ -
Total Adjustment			\$ -	

Department Head Approval: Mark A. Padell

Date Approved by Committee of Jurisdiction: _____

Following this approval please forward to the County Clerk's Office.

Date Approved by Finance Committee: _____

Date Approved by County Board: _____

Per WI Stats 65.90(5)(a) must be authorized by a vote of two-thirds of the entire membership of the governing body.

Date of publication of Class 1 notice of budget amendment: _____

571 County Road A · PO Box 586 · Green Lake, WI 54941-0586
Ph. 920-294-4000 · Fax. 920-294-3850

I would like to take this opportunity to thank the committee for allowing me to attend the National Sheriff's Conference in late June. I brought back a lot of valuable information that I will share with the Committee in the near future.

On June 30th we had a BOTS/Drug Interdiction deployment resulting in:

Vehicle Stops:	67
Written warnings:	43
Citations	42
Arrest(s)	1- Drug

On June 3, while responding to a head on crash on Puckaway Road, one of our squads hit a deer and disabled the squad. The driver of one of the vehicles in the crash fled on foot. He took another vehicle and was involved in a high speed chase which ended in a crash north of Princeton, where the suspect again fled on foot. He was apprehended later in Waukesha County. Other Departments involved in the high speed chase were Waushara County, Dodge County, Princeton PD, Green Lake PD, Markesan PD and Berlin PD.

You had asked at the last meeting as to why the Detective Division case numbers and arrests are down for 2017 in comparison to other years. Several factors weigh into this statistical mirage. Det. Scott Cody is a Detective, yet, his full-time role is in patrol due to a temporary reassignment of another employee and also due to the domino effect of internal movement. Det. Cody is getting casework for child, elderly, and other sensitive crimes, however, those cases don't appear in his "Detective" line. Secondly, we've done over six background investigations on prospective new staff members, some applicants that clear the hiring process don't pass the background. Thirdly, we have two in-county attempted or intentional homicide investigations and one death investigation that has not yet been charged as a homicide, however, will most likely be.

Background investigations do not get a "law enforcement" case at all yet involved about 8-12 hours per candidate. Major investigations may get one case number and in the end get one arrest even if you spend 20 hours on that one case. What you have seen this year so far is an increase in the work that a Detective does with the numbers not reflecting that fact.

Our hiring process continues, we only have part-time Corrections Officer positions to fill at this time.

We are starting on the 2018 budget process. You will see this as an agenda item in the months to come.

Sheriff Mark A. Podoll
