Access Ability Wisconsin

Outdoors Access 4 All!™

Our organization encourages independence in a meaningful way and empowers those with disabilities to participate in the outdoors. Participating in outdoor activities makes a positive impact on the individual's self-esteem and well-being. Everyone should be able to enjoy the benefits of outdoor recreation!

Access Ability Wisconsin (AAW) is dedicated to facilitating and providing the means for individuals with mobility challenges to access and enjoy Wisconsin's natural resources. AAW accomplishes its mission by purchasing and making available outdoor wheelchairs and other adaptive equipment FREE to use.

Our goal is to place at least one outdoor wheelchair in each county. The demand for use of these chairs is growing. In 2014 AAW purchased its first outdoor wheelchair. Today, we have eight!

AAW's goals consist of providing increased opportunities for those with physical disabilities to participate in outdoor activities with family and friends, as well as improving access to our equipment by establishing more host locations. Our reward is the smiles on everyone's face when the chairs are used.

Goals are measured through reservation counts and survey results. AAW's goals for 2018 are to increase the number of host locations and number of days used. We attend events to promote AAW's mission: Outdoors Access for All! Also, we continue networking and outreach with organizations that have similar missions.

Why are we doing this? Greater than 80% of users report an increase in feelings of independence, spontaneity, ability to resume activities with friends and family, and the practical access to those individual's rights to use public land just like everyone else. Also, they report decreased feelings of depression and isolation.

AAW has a very innovative approach as 100% of the funds support the acquisition of adaptive equipment and associated costs. AAW works with public and private stakeholders to provide the equipment in strategic locations. To ensure that AAW reaches the community, it uses existing community structure. Our newest hosts are Middleton Public Lands, Recreation, and Forestry, and Eagle River VFW Post 8637/American Legion Post 114.

AAW encourages awareness and volunteering. AAW's strategic plan is to increase exponentially the community's right to access the great outdoors!
