Admin - August 2020

As the Covid-19 Pandemic and the office being open "limited" our contacts have been impacted. Contacts have decreased 25% from August last year. The numbers are reflected in the graph below.

Despite the drop in contacts the Admin Unit has continued to modifying the work flow to accommodate all the changes happening with COVID-19 Pandemic. The changes have greatly impacted the Admin Units workload, increasing paperwork, mailings, rescheduling, and webinars to keep up with the changes. Staff is keeping up very well and our revenues have reflected that. Below is a comparison graph of Year-to-Date expenditures and revenues for the past three years.

Behavioral Health Unit—August 2020

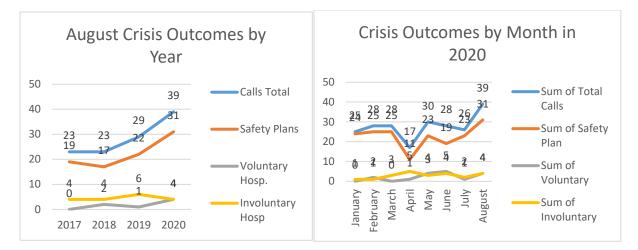

Recovery Month: The past several months, our monthly report has focused on the behavioral challenges that are unique to or exacerbated by the Covid-19 pandemic and related stressors. As we continue to focus on helping individuals and families within our community to be resilient, it is a great time to note that it is both National Recovery Month and National Suicide Prevention Month. Building awareness and education about mental health and substance use disorders and options for treatment & recovery can help reduce stigma around treatment services, promotes earlier identification of concerns, and provides community members with tools to respond supportively to those in need. Awareness can also help improve health equity for individuals with mental health and substance use disorders who may struggle with housing, employment, etc. In a time where many are struggling with uncertainty, hope that recovery is possible and knowledge of available resources are more important than ever.

<u>**Outpatient Mental Health & Substance Abuse Programs-**</u> The majority of Behavioral Health clients are served via our outpatient clinic. The outpatient clinic serves clients' mental health and substance use disorder (AODA) needs.

August 2020 Note: As seen above, outpatient behavioral health services have remained relatively consistent with previous months and years despite significant alterations in service delivery resulting from the COVID19 pandemic. These behavioral health services continue to be an essential service with a substantial decline in no show/ cancelled appointments ever since the onset of COVID19 in March 2020. Services are currently being provided via both telehealth and more traditional office visits with appropriate modifications for health and safety.

<u>Crisis Services-</u> *Crisis services are available 24/7 including weekends/ holidays for psychiatric and substance use disorder emergencies.* The charts below show both seasonal crisis trends historically and for 2020 so far. In the current environment, safety planning is much more difficult. As can be seen below, this month saw an unusually high volume of crisis contacts, however the majority of these calls were able to be managed through a less restrictive safety planning measure rather than hospitalization.

<u>Wrap-Around Services-</u> Behavioral Health Unit provides three tiers of wrap-around services, allowing us to match individuals with a program that meets the level of need based on their unique situation. **Staff** in these programs have been exceptionally flexible and have needed to think outside the box to find ways to continue services to consumers during this time.

- 1. Targeted Case Management (TCM)— Less intensive case management for clients. This program expanded to include adult clients in summer 2018. It presently serves 8 individuals.
- 2. Comprehensive Community Support Program (CCS)—Recovery-focused support for clients who may benefit from an intensive level of services for a shorter period of time. This program serves individuals across the lifespan and presently serves 43 individuals.
- 3. Community Support Program (CSP)- Intensive community-based support for individuals with chronic mental illness. This support is intended to be long-term and supports clients to maintain psychiatric stability in the community and to reduce hospitalizations. **This program presently serves 10 adults.**

<u>Treatment Court-</u> Treatment Court is an evidence-based alternative-to-incarceration program that combines high levels of accountability and community-based supervision with intensive substance use treatment. The program accepted its first participant in November 2017 and is designed to take 14-18 months to complete. In August 2020, the program began the month with five participants. One participant ended the program due to completing their probation term. This is viewed as neither a behavioral violation or a program graduation. The participant could opt to complete the program voluntarily. Two other participants were discharged from the program for behavioral violations. Two participants remain in the program, and several new referrals are pending.

<u>Children's Long Term Support Waiver (CLTS)</u>—Medicaid waiver program provides funding for families of children with long-term disabilities (developmental, physical, and/or severe emotional disturbance) to access services such as respite care and service coordination which are otherwise not covered by Medicaid insurance. In 2018, Wisconsin announced the dissolution of the waitlist which required Green Lake County to increase program capacity from 8 children to 16 and to continue to expand as new referrals come in. The program now serves 33 youth and continues to accept new referrals.

<u>Residential Clients-</u> In August 2020, one client was placed at Winnebago Mental Health Institute for part of the month, prior to transitioning to a less restrictive stabilization facility. This less restrictive setting is designed for stays of up to three months. A case management team continues to be actively involved.

Additional Notes:

- Crisis, mental health and AODA outpatient programs, and Community Support programs are all preparing for recertification in September.
- During August, a team of staff participated in weekly consultation in preparation to implement e-prescribing into our current software system. This programming went live on 8/31/2020. We anticipate that by the end of the calendar year all prescribing will be happening through e-prescribe.
- During August, the unit began meeting with area school districts to work on plans for schoolbased services with appropriate Covid-19 precautions. We have MOUs with three area districts and hope to offer services to each district through a combination of on-site and telehealth supports.
- Because many of our typical Recovery Month activities are difficult to provide in a socially distanced format, we are instead focusing our efforts on updating outdated prevention materials and training staff on more contemporary, evidence-based models for various target populations (elementary life skills, middle school, parents, and older youth/ underage drinking)

September 14, 2020

The Honorable Alex Azar Secretary U.S. Department of Health and Human Services 200 Independence Avenue, SW Washington, DC 20201

The Honorable Seema Verma Administrator Centers for Medicare and Medicaid Services 7500 Security Blvd. Baltimore, MD 21244

Dear Secretary Azar and Administrator Verma:

We, the undersigned, represent a coalition of public and private stakeholders who are committed to providing education and outreach to Wisconsinites looking for health insurance coverage. We are writing to request that you extend the upcoming 2021 Open Enrollment period for the Affordable Care Act Marketplace through January of 2021.

The COVID-19 pandemic has posed unprecedented health and economic challenges to all states including Wisconsin. As of this writing, more than 853,000 unemployment applications have been filed in our state since March 15, and to date more than 68,000 of our residents have tested positive for COVID-19. Strides have been made to combat the virus and restore our economy but conditions remain fluid, and we anticipate our families will face ongoing economic challenges for the foreseeable future.

Marketplace coverage is one of the better and sometimes the only option for individuals that have lost their job-based health insurance or have suffered a significant reduction in their earnings either through a furlough or lay-off. We are a state that has not expanded Medicaid to those with incomes over the federal poverty limit, and more than 195,000 Wisconsinites with some form of income rely on the Marketplace for health coverage. Understandably, the demand for that coverage has increased since the onset of COVID-19 and the economic fallout that ensued.

At the same time, people who have lost their employer-based coverage are typically new to the Marketplace and unfamiliar with the open enrollment process and deadlines. Others who have gone uninsured in the past are now seeking coverage for the first time in light of the virus. It takes us more time to help these individuals, and those of us on the front lines providing enrollment assistance know we need to provide additional outreach and assistance to these families. While we are all working together to try and meet this challenge, the best way to increase our capacity to help people is by CMS extending the 2021 open enrollment period. We hope you will act quickly on this request prior to the start of open enrollment, giving us time to organize and plan.

The alternative is to allow people who want coverage but who are unfamiliar with the Marketplace to go uninsured or underinsured which raises the risk of that families will either forgo care (COVID-related or otherwise) or leave health care providers to absorb financial shortfalls. That scenario delays economic recovery and undermines efforts to counter the virus by putting added financial strain on our families and our health system.

Those of us that have signed this letter agree that a longer open enrollment period will enable us to step up outreach to the people we serve, particularly our most vulnerable populations, and guide them through their options through the Marketplace. An extension would further afford consumers adequate time to carefully research programs, consider their needs and make informed decisions about coverage for themselves and/or their families. Perhaps just as importantly, an extension would signal that the federal government understands the plight of the newly uninsured, values their welfare and is prepared to do all in its power to protect our health system and economy.

We appreciate your consideration of this request and look forward to your response.

Sincerely,

Joe Gonyo Green Lake County Health & Human Services Board Chair

Began contact tracing and monitoring for the Green Lake County Health Department this month.

August COVID 19 Situation Report

The first half of the month, our burden was low and our disease trajectory was stable. The second half of the month, our disease burden was considered high and our trajectory was also high due to elevated numbers of cases. Below is a list of highlighted events during the month of August.

8/5, 8/12, 8/18, 8/24, 8/31—Incident Command Meetings were held with Health Officer, Sheriff, EM, County Board Chairman, DHHS Director and County Administrator. Weekly updates, planning and branch reports were completed. After Action Report completed for the first several months of the COVID response led by Gary Podoll.

8/5, 8/19, 8/28/2020—Zoom meetings with all private and public schools held. In addition, public health staff did walk-throughs with requesting schools.

8/5/2020—Outbreak at Fox River Industries, the sheltered workshop for Green Lake County. Facility was temporarily closed for cleaning and consumers were sent home. All close contacts were quarantined.

8/8 and 8/9/2020—Markesan held August festival which was the delayed June Dairy Days event with a parade and other activities.

8/9/2020—Marquette/Markesan area held the Livestock Scramble which was a way for 4-H kids to auction off animals since the county fair had been canceled. Large crowd with no masks.

8/12/2020—Meeting with Lisa Beck of Green Lake Area Chamber of Commerce regarding Harvest Festival with vendors. HO stated that event is not condoned by the health department. Suggestions given for ways to keep it safer as they are having it anyways.

8/16/20—Big John's Shark Shack in Green Lake has an outbreak of COVID. Community was notified via Facebook by the establishment. Worked with health department to get additional staff tested and close contacts notified and quarantined.

8/18/20—Outbreak at Markesan Resident Home with staff member. All staff and residents were tested that day and on 8/19/20. Sheriff's department provided assistance in getting specimens down to WI State Lab to expedite testing.

8/19/20—Letter issued by Health Officer to all public and private schools to hold off on cocurricular activities until the end of September. Only Green Lake School District decided to comply with recommendations.

8/21-8/24/20—19 new cases of COVID 19 including an outbreak in Markesan. Activities included a family reunion and pool party. Several children quarantined and will be unable to start first day of school. School nurse notified.

8/24/20—Juliette Manor tests residents again.

8/24/20—First day of school at one of the parochial schools and within first hour a child had to be removed for quarantine as mother tested positive.

8/26/20—Shared several resources electronically with all public and private schools including a framework for when to consider going virtual, templates of letters to families if a case occurs in school as well as an algorithm on determining what to do if a student or staff comes down with COVID symptoms in school.

8/26/20—Health Department requests use of Highway Department buildings for drive through flu clinics this fall. Approved by Barry Mashuda, Highway Commissioner.

8/26-8/28/20—Markesan Resident Home starts retesting all staff and residents after outbreak last week.

8/27/20—Newsletter from Tri-County Environmental Health sent to local businesses regarding COVID updates.

8/27/20—Health Officer and two public health nurse meet with all staff in elementary, middle and high school at Berlin Area School District to answer questions regarding school reopening.

8/28/20—Pandemic Plan updated.

8/28/20—Outbreak at Juliette Manor with one staff testing positive for COVID-19. Theda Care is conducting follow-up testing.

8/28/20—AfterAction Report information submitted to Tracey Froiland for HERC region.

8/28/20--"Fox Valley Regional Enduring testing site" was approved by the state. This provides a permanent testing site for our HERC region through December with the WI National Guard. Site is to open on Sept 2nd and 3rd from 10-4 and will be closed over the holiday weekend but will then reopen Monday through Saturday with varying hours.

Food pantry continues to provide drive-through service due to COVID 19

County Pandemic Plan was updated in August to version 5 and Emergency Declaration was extended to the end of November.

E-mail thank you received.

Hi all

I just want to say thank you for working with the Berlin School District to come up with such a great plan for return to school. I have two littles at Clay (1st grade and 4K). The amount of hard work that the district did to get the kids back in school and keep them safe is truly amazing. When I took the kids last week for their open house there were things that I saw that I never would have thought of to help keep items separate and individualized. You guys really thought outside of the box and I know it will pay off!

Everyone's households are different and I can say that so many of us in the district appreciate having the option of both in person and virtual. I understand that things may flex as the school year goes on, but with our house having both parents working full time, I'm not sure what we would do as a family if it was virtual. Having the kids in person is also a financial break from daycare as we would have three littles full time in daycare.

Seeing my 1st grader's reaction when I picked her up yesterday literally made my heart happy. She was so excited to be back in school and said she already made 3 new friends.

Though I know the future is uncertain, I appreciate the solid plan the district and county came up with! THANK YOU!
