XI. Specific Social Media Guidelines by Medium for Authorized Sites

The information below provides a brief description and basic guidelines for utilizing popular social media sites for conducting County business. Due to the speed at which technologies are developed and evolve, it is impossible to provide a complete and up-to-date guide.

Twitter

Twitter is an online social networking site where members can post short updates and keep up with other members through online profiles or cell phone text messages.

Effective and approved applications for County use of Twitter would be to re-broadcast the County's Blog headlines, news releases, testimonies, statements, public service announcements, accomplishments, Job announcements, and to alert citizens of emergency broadcasts, epidemics, recalls, hazardous materials incidents, national incidents, terrorists' threats and natural disasters.

Legal implications of Twitter relate primarily to the privacy of members that follow County Twitter accounts and the appearance of commercial endorsement. Restricting settings and use of follow ability can mitigate these risks.

In order to comply with the requirements of this policy, include a link from the Twitter profile to the disclaimer and comment policy on the County web page.

Facebook

Effective applications for County use of Facebook include public outreach programs that target segmented audiences, public service announcements, departmental contact information, emergency broadcasts and other public affairs activities.

Legal implications of County use of social media relate primarily to:

1. Copyrights of video footage and photos uploaded by County representatives. Risks can be mitigated by following these standard operating procedures:
 - a. County source materials -Use only photos and videos produced by the County or contractors working directly on behalf of the County
 - b. Obtain written copyrights -If copyrighted materials are used, be sure to get and maintain physical records of copyright licenses and honor any branding or labeling requirements specified in the copyright license.
2. Privacy rights of individuals who become friends, fans or followers of County sites. Social media users will follow these guidelines:
 - a. Accounts - County representatives who set up accounts should use a general office e-mail account, department name and general office phone number if possible.
 - b. Restrict to Find People and Follow People -County representatives should not follow private citizen or commercial profiles from within their County social networking profile. While we cannot necessarily stop all people from being Friends, Fans or Following us, we should not click onto the profiles of our Friends, Fans and Followers.
 - c. County social networks may be linked with other government and non-profit social networks to share information that is related to the work and service of a particular Department.

- d. Comments and Discussions -When possible, disallow comments and discussions on social profiles. If it is not possible to disable this function, representatives must refrain from participating in dialogue and online discussions with social profile visitors. One-way communication is the preferred method of information sharing.
3. Accessibility rights are governed by Section 508 compliance and web accessibility for people with visual and hearing disabilities. Social media authors will follow these guidelines:
 - a. Video captions and transcriptions - Embed captions within videos as part of the postproduction process. Provide transcripts of videos and attempt to include these transcripts on the social networking site. Maintain Section 508 compliant videos, captions and transcripts on the County's website and attempt to link back to the County website from the social networking site.
 - b. Photo - alternative descriptions. Name the photo after the description before uploading it to the social networking site. Write text captions and descriptions when social networking site makes these form fields available.
 - c. PDFs - Work to make document compliant in source format before converting to a PDF. Use formatting such as headers when applicable. Embed hyperlinks within the anchor text rather than supplying the physical URL to the right of anchor text.
 4. Brand management of County logos and color or style guides. Social media users will follow these guidelines:
 - a. Profile Picture -County profiles should upload the County or departmental seal or logo as their picture. It is important to use the County/departmental seal or logo to demonstrate authenticity.
 - b. Profile Design -County profiles should use colors consistent with the County's brand, and should not use extraneous or distracting design. All design should be in keeping with Section 508 compliance (web accessibility) needs and maintain professionalism and consistency with County branding.
 - c. No section of the profile's picture or design should reflect personal preferences of any kind. Concerns about the proper use of the County logo and/or variations of the logo shall be directed to the County Administrator.
 - d. County sponsored social media shall not be sponsored through ad content placed on the platform by private or commercial ventures for use as a marketing tool.

149 County Administrator shall determine the placement of the position in an appropriate
150 pay group.

151
152 Once the County Administrator has approved and classified the new position, it shall be
153 referred to the governing committee for its approval. Upon approval, the County
154 Administrator shall submit the proposal to the Personnel Committee. If the Personnel
155 Committee approves the position, the proposal will be submitted to the Finance
156 Committee if the position is being created during a budget year or directly to the County
157 Board for final approval. If the position is approved by the Finance Committee (to the
158 extent that such approval is required), the position will be submitted from the Finance
159 Committee to the County Board for final approval.

160 161 **Reclassification of Existing Positions**

162 A position reclassification is the assignment of a new job description and pay group to
163 an existing position. A reclassification is based on an evaluation of the duties,
164 responsibilities, scope, impact, and minimum qualifications of the position. A
165 reclassification involves a thorough review process to determine the appropriate job title
166 and pay grade for positions whose job duties and responsibilities have undergone
167 significant changes.

168 169 **Annual Review**

170
171 Department Heads are responsible for updating the job descriptions for their
172 Department in conjunction with the County Administrator as set forth in this manual.
173 When the County Administrator has determined that a position has changed sufficiently
174 to warrant placement in a new pay group, the position will be reclassified as set forth
175 below.

176 177 178 **Reclassification of Vacant Position**

179
180 If it is determined that a vacant position has changed sufficiently to warrant a request for
181 reclassification to a new pay group, the Department Head shall prepare a request for
182 reclassification. The request shall include the proposed modified job description for the
183 position. The job description shall accurately reflect the duties, job authority, knowledge,
184 skills and abilities required.

185
186 The Department Head shall submit the request to the County Administrator. The County
187 Administrator shall determine the placement of the position in an appropriate pay group.

188 Once the County Administrator has approved and classified the position, it shall be
189 referred to the governing committee for its approval. Upon approval, the County
190 Administrator shall submit the proposal to the Personnel Committee. If the Personnel
191 Committee approves the position, the proposal will be submitted to the Finance
192 Committee if the position is being created during a budget year or directly to the County
193 Board for final approval. If the position is approved by the Finance Committee (to the
194 extent that such approval is required), the position will be submitted from the Finance
195 Committee to the County Board for final approval before the position is filled.

196 Reclassification of Existing Filled Position

197
198
199 A department can request a reclassification of a job if an employee's duties and
200 responsibilities have changed substantially due to changes in organization, work,
201 staffing requirements, or technology. A request for reclassification must be submitted on
202 the designated County form and must include a revised job description, any applicable
203 departmental classification, an explanation of the changes, and any applicable state or
204 federal mandates that may have caused the need for the revised position. The job
205 description shall accurately reflect the duties, job authority, knowledge, skills and
206 abilities required.

207 A request for reclassification does not guarantee any particular outcome. The process
208 may result in a:

- 209 • pay grade increase,
- 210 • pay grade decrease or
- 211 • no change at all.

212 The completed request for reclassification shall be submitted to the County
213 Administrator for review. The County Administrator shall determine whether the
214 changes will result in any change to the pay group of the position. If there is no change
215 to the pay group and the County Administrator approves the changes, the revised job
216 description shall be filed with the County Clerk.

217
218 If the changes in the job result in a change in pay group, the County Administrator shall
219 determine whether the position should be treated as a reclassification or a creation of a
220 new position. If the position is to be reclassified, the County Administrator shall submit
221 the recommendation for reclassification to the Personnel Committee. If the Personnel
222 Committee approves the reclassification, the recommendation will be submitted to the
223 Finance Committee if the position is being reclassified during a budget year or directly
224 to the County Board for final approval. If the position is approved by the Finance
225 Committee (to the extent that such approval is required), the position will be submitted
226 from the Finance Committee to the County Board for final approval.

227
228 Once the reclassification has been approved, the necessary personnel action shall be
229 implemented. If the position was reclassified to a higher pay group, the employee shall
230 be reclassified to the higher pay group. If the position was reclassified to a lower pay
231 group, the employee shall be reclassified to the lower pay group.

1.4 Section XV. Layoff & Recall is amended as follows:

The County may layoff and recall employees as the County deems necessary. In making layoffs or recalling employees, the County may consider any number of factors including, without limitation, the following:

1. The County's needs;
2. Length of service;
3. General employee qualifications including, without limitation, education, skills, training and experience;
4. Employee performance; and
5. Employee qualifications in the County's areas of need including, without limitation, education, past assignments and practical experience.

Layoff decisions shall be made by the County Administrator after consultation with the Department Head affected by the proposed layoff.

The rehiring of employee(s) that have been laid off permanently shall be determined by the external recruitment process.

232 Section 2. This ordinance shall become effective upon passage and publication.

233 Section 3. The repeal and recreation of any section herein shall not have any effect on
234 existing litigation and shall not operate as an abatement of any action or proceeding then
235 pending or by virtue of the repealed sections.

236 Section 4. All ordinances and parts of ordinances in conflict herewith are hereby
237 repealed.
