B. Please provide justification for the position reclassification:

This role and title represents an upgrade to one of DHHS's full-time C&F Services Case Manager positions within the Children & Family Unit. This position will continue to maintain their role as a Case Manager by maintaining a caseload, and complete all other current tasks. The Children and Families Unit is requesting a Lead Worker position for one primary reason: The Wisconsin Child Protective Service ACCESS & Initial Assessment Standards from the Wisconsin Department of Children and Families mandate as well as Chapter 48 of the Wisconsin State Statutes that be screened and response time decisions completed on any case within 24 hours of receipt of any report of Child Abuse & Neglect. Supervisory approval (or that of his or her designee) is required for all screening decisions. This mandate, requires that either a supervisor (Unit Manager) or designee (Lead Worker) be available at all times whether it is during working hours, after-hours or weekends or holidays. This mandate has been in place for many years but was codified into the Standards when they were initially developed in the early 2000's. As a result, the Unit Manager has had to be available for these screening decisions at all times including times while on paid time off. Green Lake County participated in the pilot for Lead Worker training in early 2021 through the Wisconsin Child Welfare Professional Development system. This was found to be very successful. One staff and the Unit Manager completed the pilot. Through this process, the duties and role of a Lead Worker were identified. As an agency we have talked about the benefits of fostering "leaders". We feel creating lead worker positions will allow working staff to learn and grow more comfortable in a management type role.

Proposed Pay Group Pay Range: 19.81 80% 24.77 100% 29.72 120%

B. Please provide justification for the position reclassification:

This role and title represents an upgrade to one of DHHS's full-time Economic Support Worker positions within the Economic Support Unit. This position will continue to maintain their role as a Economic Support worker while also providing back up to the Economic Support/Child Support Unit Manager. On June 22nd, 2016 the Green Lake County Board voted and passed the resolution to emerge the Child Support agency with the Department of Health and Human Services under the Economic Support Unit. Over the last 5 years we have evaluated the workload. We are requesting a Lead Worker for the Economic Support Unit to allow the Child Support/Economic Support Unit Manager to better share their time and presence between both Units. These duties would include representation for Green Lake County at Consortia and State meetings, representation at Fair Hearing requests, responses to Quality Assurance reviews, training of current and new staff, problem resolution, and other daily, weekly and monthly tasks the Unit Manager sees fit. The work of the Economic Support Worker is intensive and quite difficult and this is why we have seen a high turnover rate statewide in this area. Creating this position would allow a "stepping stone" to foster new leaders and allow staff to learn and grow more comfortable in a management type role.
