PUBLIC COMMENT None

Discuss additional ATV/UTV Routes

Chair Mulder had a request to open CTH F from Country Inn to Berlin City Limits as ATV/UTV's need to practically go to Redgranite from CTH D to get back to the City of Berlin.

Motion/second (Buss/Schweder) to suspend the rules and allow Chief Deputy Matt Vande Kolk to speak. Vande Kolk spoke on the consideration of safety as CTH F is a consistent "hot zone" and has been for the last 10 years. Lengthy discussion followed. This will be brought back next month, and Vande Kolk will provide further information regarding crashes, injuries, etc., and Corporation Counsel Jess Mann will work on amending the resolution to open a portion of CTH D to the city limits, specification CTH F (CTH D-Fountain Road).

Ad hoc Highway Committee Update Regarding New Highway Facility

Administrator Wylie and Commissioner Mashuda gave an update on sending Request for Proposals (RFP) out for a Construction Manager. Administrator Wylie explained the role of the Construction Manager and how the RFP would likely be drafted. Supervisor Wielgosh questioned Finance Director Ken Stephani as to how the Construction Manager may be funded.

WCHA Summer Road School

Motion/second (Schweder/Buss) to approve any committee member who wishes to attend.

CTH T Farm Entrance Signage

Commissioner Mashuda explained the situation Mr. Kutz is encountering with his farm equipment and he is requesting to have farm entrance signs installed at no cost to the county.

Motion/second (Harley/Buss) to approve Highway Department to install farm entrance signs on CTH T and to invoice Mr. Kutz for the cost of signage and installation. Motion carried with no negative vote.

CTH M/GG Stop Control

Commissioner Mashuda brought forth a request from local citizens in the Southwest region of the county concerning intersection control at CTH M and CTH GG. He explained that the request was to remove a stop sign located Eastbound on CTH GG at this intersection. The commissioner explained the way intersection controls are determined and the fact that there is little guidance from DOT or an engineering standpoint to make a case one way or another. He explained the statistics of the intersection and all factors to consider while making this decision. Chief Deputy Vande Kolk brought up the fact that there are zero traffic related crashes at this intersection as it currently stands in the last ten years. Supervisor Reabe suggested leaving the intersection control as is since it seems to be a safe intersection and has low traffic.

Motion/second (Schweder/Wielgosh) to take no action and to leave as is.

Railroad Consortium

Chair Mulder stated the funding has been completed so, they can move on the bridges for Janesville which should be done by 2026.

Financials

Equipment, Expenditures and Revenues were reviewed/discussed.

Email below sent to Sheriff Podoll on 05/21/24:

Good afternoon Sheriff Podoll,
Please be aware the below is strictly my own opinion.

Below is a link that I have included in regards to ATV/UTV use on the County road from Berlin city limits to the Country Inn area.

I do feel this would be great for the businesses on both ends.

My concern is that this roadway stretch is not a real safe area currently.
By adding ATV/UTV traffic would be an accident waiting to happen. Even now with a car or truck you have to be on high alert at all times. I have driven this road many times at various times of the day and have been passed even though I have been going 50mph (yes I know this above the 45mph speed limit) . This is not a wide roadway and it has narrow shoulders. I just think this road is not the proper place to have ATV/UTV traffic.

If you choose, please share this link with other members of your department for informational purposes. Contact me if I can help with any other info.

Thanks for all the work you and your team do. Work Safe

Hi Chief Deputy,

I see Dennis Mulder is pushing to open Cty. F from Country Inn to Fountain Rd. for the convenience of UTV/ATV owners. They have access and can get to the bar already they don't need to be on the main road.

As a resident and also a business owner I request it NOT BE OPENED! We will live with it 24/7.

Too much traffic and congestion out here already.

Also I think the parking problem that already exists at Country Inn on Tues.aft.(Bingo day) with

cars and trucks lining both sides of Cty. D that creates a traffic hazard. Also Friday nights and

any large events should be addressed. Not sure how the semis are making those turns in and out

of the entrance with all that congestion.

Thanks for listening!
Gloria Briski

Subject: RE: citations CTH F

Commissioner and Chairman,

I should also add that the average citations issued in a year county wide is approximately 1500. The average warnings issued in a year county wide is 2000. With that in mind, you can see that this area gets significant enforcement. In the neighborhood of 5% of all citations and warnings for the report provided. There are some violations listed that are East of Berlin on CTH F, but even with that consideration, the enforcement is very significant.

If there are any other statistics that you believe would be beneficial to this discussion please let me know.

In some ways it is unfortunate, but truly impossible to know how many accidents **DID NOT** happen because of things like enforcement, presence, highway design, and laws limiting access. Somehow, someway I need to find a way for the Committee to understand this. Our traffic enforcement efforts are focused on preventing crashes that cause property damage, injury, and death. In this discussion and all discussions surrounding matters that involve highway traffic safety, I feel as though I am the only voice for safety. Had I not been alerted to the amended agenda that included this topic, there would have been no discussion regarding safety. The direction of the committee is apparent when there is a motion to open a section of roadway before any matters of safety are discussed or evaluated on an agenda item that is set for discussion only. While I understand that there is a significant responsibility of the Highway Committee to oversee operations, budgets, and prioritized needs, I also think that the safety element of many decisions needs to be a higher priority amongst this committee.

Chairman Mulder,

In my time as Chief Deputy I have seen you carefully deliberate differing viewpoints in an effort to thoroughly evaluate what is best for Green Lake County. I have seen you change your viewpoint based on information you receive at a meeting. This is commendable, and not necessarily a common trait. I am hopeful that in this circumstance and other similar situations you will lead this committee in a way that considers more strongly the safety impact of the committee's decisions,

and generally slow down the actions of the committee to allow the retention of facts and data that can be applied to whatever issue is at hand. The Sheriff's Office should not be viewed as an adversary to the Highway Department or the Highway Committee. We are a resource that can gather information and provide insight from other perspectives that may well add to your discussion to make informed decisions in certain circumstances.

Respectfully,

Chief Deputy Matthew L. Vande Kolk #62
