Emergency Medical Services (EMS) Committee Meeting Notice

Date: March 13, 2024 Time: 3:00 PM

Location: Government Center, County Board Room, 571 County Road A, Green Lake WI

AGENDA

Committee Members

David Abendroth, Chair Joe Gonyo Allan Hoffmann Joel Strahota Evan Vandenlangenburg Charlie Wielgosh, Vice Chair Mike Wuest

Elizabeth Otto, Secretary

Virtual attendance at meetings is optional. If technical difficulties arise, there may be instances when remote access may be compromised. If there is a quorum attending in person, the meeting will proceed as scheduled.

This agenda gives notice of a meeting of the Emergency Medical Services Committee. It is possible that individual members of other governing bodies of Green Lake County government may attend this meeting for informative purposes. Members of the Green Lake County Board of Supervisors or its committees may be present for informative purposes but will not take any formal action. A majority or a negative quorum of the members of the Green Lake County Board of Supervisors and/or any of its committees may be present at this meeting. See State ex rel. Badke v. Vill. Bd. of Vill. of Greendale, 173 Wis.2d 553, 578, 494 N.W. 2d 408 (1993)

- 1. Call to Order
- 2. Certification of Open Meeting Law
- 3. Pledge of Allegiance
- 4. Approve minutes of 10/22/2024 meeting
- 5. Public Comment (3 Minute Limit)
- 6. Discussion and possible action on Berlin EMS ambulance purchase
- 7. Committee Discussion
 - Future Meeting Dates: TBD
 - Future Agenda items for action & discussion
- 8. Adjourn

This meeting will be conducted through in person attendance or audio/visual communication. Remote access can be obtained through the following link:

EMERGENCY MEDICAL SERVICES (EMS) COMMITTEE October 22, 2024

The meeting of the Emergency Medical Services (EMS) Committee was called to order by Chair David Abendroth on Tuesday, October 22, 2024 at 4:00 PM in the Green Lake County Board Room, Green Lake County Government Center, 571 County Road A, Green Lake, WI. The meeting was held both in person and via remote access. Requirements of the open meeting law were certified as being met. The pledge of allegiance was recited.

Present: Dave Abendroth

Joe Gonyo Allan Hoffmann Joel Strahota

Evan Vandenlangenburg

Charlie Wielgosh Mike Wuest

Other County employees present: Cate Wylie, County Administrator; Liz Otto, County Clerk

APPROVE MINUTES OF 01/30/2024 MEETING

Motion/second (*Strahota/Wuest*) to approve the minutes of the 01/30/2024 meeting as presented with no additions or corrections. Motion carried with no negative vote.

PUBLIC COMMENT

Mary Lou Neubauer, Princeton City Administrator, praised the current relationship between the City of Princeton and Berlin EMS and gave examples of the great service Princeton is receiving including run times and flea market coverage.

DISCUSSION AND POSSIBLE ACTION REGARDING AMBULANCE CONTRACTS

Contracts were emailed to the committee members. County Administrator Cate Wylie commented on the process involved and stated that she would like to see this reviewed on a yearly basis. Wylie stated the contracts do not need to be reviewed by the County Board since this is a renewal. Discussion held regarding replacement equipment funding and faster service in the Dalton/Kingston area. Both Berlin EMS and Southern GLC Ambulance Service will appear at the November County Board meeting to inform the full Board of staffing issues, run times, etc.

COMMITTEE DISCUSSION

Future Meeting Date: April of 2025

Future Agenda items for action & discussion:

ADJOURNMENT

Chair Abendroth adjourned the meeting at 4:35 PM.

Submitted by,

Liz Otto County Clerk

Berlin Area EMS

Cover letter

Dear Evan,

Thank you for your interest in American Response Vehicles (ARV), the Nation's largest Ambulance-Only dealership. We represent AEV, the #1 selling Ambulance Brand in the industry for the last 15 years. AEV Ambulances are one of the safest and most durable ambulances in production today. From the drawing board to the testing facility, and finally, to the road, AEV is the most tested and most proven ambulance on the market today. With a multi-decade history of safety testing above and beyond the industry minimum, every facet of an AEV ambulance is designed for one purpose, to keep your providers safe.

Producing an average of 1,200 units every year that is between 2x-8x more than our competition, depending on the competitor. As a result of this success, they have innovated and refined their ambulance body far more than most other manufacturers. Their reliability, low cost of ownership, and proven safety are the reasons they are the most chosen brand across the nation for the most critical mission assignments, by the country's toughest fleets.

At its core, AEV's focus is on occupant safety. They are still the only manufacturer to have conducted double destructive impact dynamic testing. Unlike most manufacturers who stop at the minimum industry standards, AEV sets all their test requirements to a minimum 27% higher, and often will push for the highest possible test forces. For the roof and side static load testing, AEV exceeds other brands by over 40%!

Being the largest ambulance manufacturer in the US also means AEV builds one of the most dependable and sought-after vehicles in the market. Because of their dedication to detail and reliability, AEV has one of the lowest costs of ownership in the industry. AEV's are designed to stay in service longer, require less maintenance, and be easier to service than any other brand. Built in a State-Of-The-Art 400,000 sq. ft. you can trust that AEV will not only meet but exceed your expectations. All AEV Ambulances come with industry-leading warranties in all areas of the vehicle, a true testament to the reliability of the body!

Our dedicated team of highly trained and experienced Sales Representatives will work with your agency to design the best possible vehicle for your fleet. AEV has more options and more customization than any other manufacturer. As such, our sales team will carefully guide your committee, using our consulting approach, to provide the best designs for your consideration. With a combined 250+ years of experience, and a Nation-Wide customer base, ARV is the best partner with the most experience and versatile knowledge base in the industry!

We can connect you with customers from the Mid-Atlantic to the Mid-West (14 States of coverage) and share vital information on vehicle designs from other agencies. This is something no other dealership in your area can provide.

All AEV ambulances are built to exceed the requirements of the F.M.V.S.S. and KKK-A-1822-F and can be built in line with CAAS and NFPA standards as well. All AEV ambulances are built on ambulance prep chassis. AEV is a proud member of NTEA. All vehicles are built to meet and exceed all national standards and certification.

Description	Price
2027 AEV Type III Custom Ambulance 172 x 96 x 74 Ford E450, LWB, 4x2, Gas	\$402,764.76
