Vandeyacht reported that the 2026 Budget was approved as submitted. The budget proposed that he had control over, had the same total dollar value as 2025. Some individual accounts totals were changed but the end value is the same. Departments were asked to try to find some reductions, but VSO was left alone.

Vandeyacht reported that the primary volunteer driver plans on retiring later in the year, the search for a new driver is back on. There was one interested person, but he ghosted the office after starting the paperwork.

**New Business:** Vandeyacht reported that the 2026 Student Government Day planning will be starting in February. He is looking for a guest speaker. It will take place on 21 April 2026

Vandeyacht reported the 2026 WDVA transportation grant was submitted and should be received soon.

Vandeyacht reported that the 2026 WDVA CVSO Grant process is being changed a little to make it easier for the counties to apply. Normally it opens for application in July but won't until late March 2026.

Vandeyacht reported that the 2026 CVS0 conferences are in the planning stage. The Spring Conference will be in Stevens Point the week after Student Government Day in April.

Vandeyacht reported the 2026's Outreach plan will be the setting up of benefit tables at various Organizational events throughout the county again. It was successful over the last few years. This will include the county fair and HHS Health fair later in the year.

Vandeyacht reported that a little under half of the Service Commission grant was used in 2025. This is a sign that the Veteran community in Green Lake County has been relatively stable in a fiscal sense. He hopes 2026's use of the grant will be about the same though with the sharply increasing costs of everything, expects an increase in requests.

**Service Office Report:** Vandeyacht reported that 2025's contacts stayed pretty strong.
