Electric rate review filing for 2026 and 2027

We recently filed our required biennial rate review application with the Public Service Commission of Wisconsin (PSC), requesting approval to adjust our 2026 and 2027 electric base rates for all customers in Wisconsin.

This filing reflects our commitment to modernizing our energy infrastructure and advancing responsible energy solutions. It includes a combination of new, renewable and traditional energy resources to deliver the energy our customers need. Our requested rates reflect our commitment to delivering the energy needed to power homes and businesses reliably, responsibly, safely and affordably across Wisconsin.

For 2026 and 2027, we are requesting a cumulative 13.9% increase in electric revenue compared to current levels. The filing also requests a 6.1% **decrease** in our projected 2026 fuel costs, which will offset a portion of the proposed electric rate adjustment. This fuel cost reduction is largely driven by our investments in renewables, new battery energy storage projects and the extension of operations at Edgewater and Columbia generating stations.

As part of the review process, the PSC will schedule technical and public hearings in Madison, Wisconsin. To obtain information about the hearing schedule or regulatory process, visit psc.wi.gov and search for docket number 6680-UR-125. If you have questions about our rate review, visit alliantenergy.com/wisconsinrates or call us at 1-800-ALLIANT (1-800-255-4268).

Electric customer class	2026 and 2027 average customer bill impact
Residential	5.1% in 2026 (\$6.38 per month); 6% in 2027 (\$7.85 per month) ¹
Small commercial	-2.3% in 2026; 2.7% in 2027 ²
Large commercial/industrial (C&I)	3.0% in 2026; 5.6% in 2027 ³

¹Assumes Rg-1 customer using 660 kilowatt-hours (kWh) per month and proposed fuel cost adjustments; the 2027 increase is in addition to the 2026 increase.

²Assumes Gs-1 customer using 1,615 kWh per month and proposed fuel cost adjustments.

³Assumes average revenue impacts for Cp-1 firm electric customers and proposed fuel cost adjustments. Large C&I customers are encouraged to contact their Key Account Manager to discuss the bill impact based on the combination of rate components.

Did you know?

Your bill consists of two primary elements – the cost to deliver energy to your home and the amount of energy you use. Visit alliantenergy.com/waystosave and learn about ways you can reduce the energy you use to save on your bill.

Electric and natural gas rate review filing for 2026 and 2027

We recently filed our required biennial rate review application with the Public Service Commission of Wisconsin (PSC), requesting approval to adjust our 2026 and 2027 electric and natural gas base rates for all customers in Wisconsin.

This filing reflects our commitment to modernizing our energy infrastructure and advancing responsible energy solutions. It includes a combination of new, renewable and traditional energy resources to deliver the energy our customers need. Our requested rates reflect our commitment to delivering the energy needed to power homes and businesses reliably, responsibly, safely and affordably across Wisconsin.

For 2026-2027, we are requesting a cumulative 13.9% increase in electric revenue and 10.7% increase in natural gas revenue compared to current levels. The filing also requests a 6.1% **decrease** in our projected 2026 fuel costs, which will offset a portion of the proposed electric rate adjustment. This fuel cost reduction is largely driven by our investments in renewables, new battery energy storage projects and the extension of operations at Edgewater and Columbia generating stations.

As part of the review process, the PSC will schedule technical and public hearings in Madison, Wisconsin. To obtain information about the hearing schedule or regulatory process, visit psc.wi.gov and search for docket number 6680-UR-125. If you have questions about our rate review, visit alliantenergy.com/wisconsinrates or call us at 1-800-ALLIANT (1-800-255-4268).

Electric customer class	2026 and 2027 average customer bill impact
Residential	5.1% in 2026 (\$6.38 per month); 6% in 2027 (\$7.85 per month) ¹
Small commercial	-2.3% in 2026; 2.7% in 2027 ²
Large commercial/industrial (C&I)	3.0% in 2026; 5.6% in 2027 ³

¹Assumes Rg-1 customer using 660 kilowatt-hours (kWh) per month and proposed fuel cost adjustments; the 2027 increase is in addition to the 2026 increase.

²Assumes Gs-1 customer using 1,615 kWh per month and proposed fuel cost adjustments.

³Assumes average revenue impacts for Cp-1 firm electric customers and proposed fuel cost adjustments. It is difficult to identify a large commercial and industrial electric customer as a typical customer because there are many combinations of rate components that impact bills that can vary significantly.

Natural gas customer class	2026 and 2027 average customer bill impact
Residential	4.3% (\$3) per month in 2016; 2.4% (\$1.74) per month in 2027 ¹
Small & medium commercial/industrial	0-7.7% in 2026; 0-3.5% in 2027 ²

¹Assumes Gg-1 customer using 751 therms per year.

²Assumes average revenue impact for small and medium C&I customers; large C&I customers are encouraged to contact their Key Account Manager to discuss the bill impact based on the combination of rate components.
