Welcome to the Guide to Healthy Living in Green Lake County

Within this booklet we hope you find ideas and opportunities for exercise, recreation, healthy food, social activities and support services in Green Lake County. It is by no means a comprehensive list. Please call the contact numbers listed for detailed and current information as information is subject to change.

Visit our current online version at:
www.greenlakecountywi.gov/healthylivingguide

Located 90 miles northwest of Milwaukee, 68 miles northeast of Madison. Green Lake County is home to Wisconsin's deepest lake- Green Lake. It is a primarily agricultural and industrial area, but boasts many opportunities for recreation, healthy food and social connection. Read on to learn more and start exploring!

Please send suggestions for future editions to:

GUIDELINES FOR A HEALTHIER YOU!

1

Mental Health

- Value yourself - treat yourself with kindness and respect and avoid self-criticism.
- Surround yourself with good people.
- Learn how to deal with stress - try different coping techniques such as exercise, deep breathing, and meditation.
- Get help when you need it - you can find more information on local resources below.

Nutrition

- Make half of your plate fruits and vegetables every meal.
- Make half your grains whole grains.
- Get a wide variety of proteins from a combination of seafood, beans, nuts, eggs, lean meats, and poultry.
- Avoid sugar-sweetened drinks such as soda, juice, and sweetened teas.
- Choose water instead!

Alcohol and Other Drug Abuse (AODA)

- Limit alcoholic drinks - The Dietary Guidelines for Americans recommends limiting alcoholic beverages to 1 per day for women and up to 2 drinks per day for men.
- Quit tobacco. (Tobacco Quit Line: 1-800-QUIT-NOW; 800-784-8669)
- Ensure safe use of prescription drugs - always deposit unused prescriptions in the designated drop boxes throughout the county.

Physical Activity

- Aim for 30 minutes of physical activity each day.
- Choose an activity that you enjoy doing and can do regularly - this could be walking, jogging, swimming, hiking, biking, or any activity that gets your heart rate up.
- Participate in an exercise class.

Chronic Disease

- If you exercise, eat healthy, avoid tobacco, and drink alcohol only in moderation, you can help fight against chronic disease.
- Early detection of chronic disease is important.
- Be sure to talk to your physician about what screening tests are right for you and to attend your yearly physicals.

Let's get started!!
